Five Dock All Saints
Netball Club

MyNetball Instructions Help

Participant Changing OWN Password

Hover pointer over your name or click on the down arrow next to your name and a box appears with your login ID and options to change your password.

Please note if you have changed your e-mail address your login ID will remain as your old e-mail address. This does not affect how the system works. You can have an old or disused e-mail address as your login ID. As long as your current e-mail address is in the system as your contact point everything will work normally.
